himolla
Quality made in Germany

From German artisans to European leaders our armchairs and sofas have been offering luxurious design, innovation and relaxation for almost 70 years.

Passion and craftsmanship - the roots of success.

himolla founded 1948

1950-1952

First serial production begins in our fledgling company at the heart of the city of Taufkirchen.

1958

The construction of the production plant and delivery centre begins the first real stage of expansion. Over the next ten years, the factory grows to reach its current size.

1960-1968

The rapid growth of the company leads to significant investments for the expansion of the factory and truck fleet and the introduction of new and innovative manufacturing technologies.

1972-1994

himolla become one of the leading European companies in the sector

2000

The company adheres to the Environmental Pact of Bavaria.

2002

himolla received the "Bayerischer Qualitätspreis" in recognition of its production quality.

2009

himolla wins EMAS AWARD 2009 in the category "Environmental protection in the supply chain and supply of products that are environmentally friendly".

2011

The company obtained the important certification "Der Blaue Engel", which recognizes that the full range of products himolla produces respects and protects the environment.

Every day our state of the art factory in Bavaria, inspires the dreams of more than 1,000 people

'Quality made in Germany' is not just an empty phrase for himolla, it's a company ethos we follow every day of our working lives. Our top-quality upholstered furniture is created in an advanced 90,000 sq.m production studio at Taufkirchen. The machining facility uses the latest CNC technology and the combined skills and craftsmanship of our 1,000-plus workforce guarantee the high standard of himolla quality. Furthermore, our products are only sold through reputable furniture dealers complying with stringent himolla standards of product knowledge, quality and service. To ensure those optimum service levels and customer satisfaction are maintained at all times, we give each of our retail trade partners full and extensive support.

CONTENTS

HIMOLLA PHILOSOPHY 4 - 5
Our unique approach to design

THE RANGE 6 - 7
Total relaxation

FUNCTIONALITY 8 - 9
Welcome to a new level of comfort.

MATERIALS 10 - 11
Perfect styling. Optimum comfort.

Function and aesthetics should sit together in perfect harmony.

Franz Woller, Designer himolla

Comfort, safety, usability, practicality.
Our ergonomic designs are created entirely for your relaxation and well-being.

The established design philosophy of 'form follows function' has never been more true than it is today. At himolla, function is the foundation on which everything else is based. Our technicians work to produce highly functional designs that reflect, as closely as possible, the wide range of aspirations of our individual customers. Working hand-in-hand with this functionality is contemporary design. It's an essential element in our philosophy since as well as sitting comfortably, our customers also want to sit in style. So himolla upholstered furniture is versatile enough to adapt to different physiques as well as being extremely pleasing to the eye. Since choice is also vital, our customers can choose from an extensive range of models, in leather and fabrics to create their own individual furnishing statements ensuring that himolla furniture fits perfectly into their lifestyle and their home.

When you are creating products on a human scale,
there is no substitution for hands.

Choosing the right upholstery materials is absolutely key to ensuring ergonomic and comfortable sitting, as well as classic style. Our careful selection of top-grade materials using our own in-house test lab and following stringent controls all combine to provide the assurance of outstanding quality in all himolla products.

Our upholstered furniture complies with DIN and RAL quality directives as well as the test criteria of the "German Association Quality Furniture". From as long ago as 1999 himolla has been certified EMAS and DIN EN ISO14001. So himolla upholstered furniture is constructed to provide years of pleasure and enjoyment.

In fact, the first five years are covered by the famous himolla 5-year Guarantee on the frame and non-moving components. The upholstery, sub-springing and sprung interior are also covered by this guarantee. A final indication of quality is the fact that every piece of himolla upholstered furniture is specially made to order.

6

The perfect range for your home...

7

...and for you.

3 / 2.5 / 2 seater sofas & chairs

Lift & rise chairs

Curved sofas

Integrated recliner chairs

Wall hugger / incliner sofas

Recliner chairs and stools

himolla offer a wide choice of integrated recliner chairs available in colourful fabrics and leathers.

THE RANGE

Perfect relaxation from himolla.

Everyone is different. Every piece of himolla's furniture is different too. Adjusted to your body size and individual expectations, every piece offers unbelievable potential for pure relaxation. An enormous selection of models,

a wide variety of functions, the choice of electric or manual adjustment, a great selection of leathers and fabrics, and a wide spectrum of colours, all designed to make each piece fit around you and your home.

L

DIFFERENT SIZES TO SUIT YOU
himolla has developed some of it's collection to be available in different sizes. This stems from the awareness that everyone has their own unique shape.

ADJUSTABLE FOOTREST
Integrated into the seat, footrests of chairs adapt to the desired position.

ADJUSTABLE HEADREST
Tiltable to suit your preferred position.

ADJUSTABLE RECLINE
The back tilts to achieve an extremely comfortable lying position in one continuous motion.

ADJUSTABLE HEIGHT
Seat can be raised or lowered for optimum comfort.

LIFT AND RISE
Unique technology allows the chair to raise you to an upright position.

BASE CHOICE
Base types vary according to the model chosen. The range includes covered, round, star and wood in various finishes and colours

MANUAL OR ELECTRIC ADJUSTMENT
The reclining mechanism on the chairs can be operated manually, electrically by remote control or with side sensors.

STORAGE BATTERY
Simply plugs into the chair back and comes with a small convenient charging station.

REVOLVING BASE
All armchairs swivel to allow the chair to rotate 360°

PLEASE NOTE THAT THE FUNCTIONS SHOWN ABOVE WILL DEPEND ON THE MODEL CHOSEN.

With our leathers, fabrics and different bases, relaxation can be as individual as you.

LEATHERS & FABRICS

Available in a wide selection of grades and colours to give you maximum choice. To ensure high levels of quality himolla rely exclusively on the very best European producers. All leathers and fabrics are subjected to regular and rigorous testing.

SUPERLASTIC SOFT
Soft sitting comfort for optimum relaxation.

SUPERLASTIC MED
Medium sitting comfort - for a slightly firmer sit.

DRINK HOLDERS
Two concealed compartments to safely secure your drinks.

PHONE CHARGER
Inbuilt system to re-energise your mobile phone.

SPEAKER SYSTEM
An innovative built-in Bluetooth and USB speaker system allows you to surround yourself with your favourite sounds.

FUNCTIONALITY

10

The best kind of leather pulls you in, and begs to be relaxed against.

At himolla we work with the very best tanneries across Europe to find the finest leathers to use on our upholstery. The leathers are graded according to thickness and the level of embossing so that there is a leather suitable for every model design. A stylish range of colours ensures that perfect match to any colour scheme. All our fabrics and leathers are rigorously tested for quality and endurance in our in-house laboratories.

Daring design - fearless colours and fabrics that are more friendly to the environment

Padding, sub-springing and interior springing.
Frame and non-moving parts.
Lightfastness and cleanability of our leathers.

11

In world of man-made substitutes, natural wood is the only material that transforms a product from merely functional into beautiful.

himolla offer a range of wood finishes to select from for use on our models designed with exposed wood. High quality beech is stained using non polluting water lacquers and then the wood is multiple dried, treated and individually crafted by our skilled and experienced craftsmen. The result is a beautiful, natural product that will give many years of pleasure.

Raw material, emissions and sustainability. Thinking of the environment is in our nature.

When you are one of the leading manufacturers of upholstered furniture in Europe, it is imperative to have a responsible relationship with nature. Along with quality and safety, respect for the environment is, for us, one of the main values to be considered. This is demonstrated by the careful choice of raw materials, close attention to energy consumption and the use of safe and non-toxic materials. We are the only company in Europe that can boast that in 2009 we were awarded the EMAS Award prize in the category "Environmental protection in the supply chain and supply of products that are environmentally friendly". In addition, for the past 15 years we have adhered to the Bavarian pact to protect the environment - "Umweltpakt Bayern".
